

So, here we are at the end of the year 2020.

Hooray!

At the end of a year, I look back over the year to think about what happened in my life. What did I accomplish, where did I go, what didn't I accomplish, and how did I live as Jesus would have wanted me to live? After looking back, I then look forward. I ask myself, what do I want to accomplish in the new year, what is something I want to change about myself in the new year, and what can I do to shine the light of God and Jesus around me.

I ask that you do the same, look back and then look forward.

To help maybe just a little bit, I would like for you to look back at all the activities that I had posted for you to do. Find ones that

you liked and do them again or find a different way to do the activity. Find ones that you didn't do and work on them. Think of your own activity that you want to do and then get it done. Have fun with whatever you choose.

I miss you all soooo much! Have a great week and a great beginning of 2021!
Talk to you next year!

From,
Mrs. A
