

FISH DRAWING

Draw a picture, glue blue material, or use blue tissue paper to create water and waves on a piece of butcher paper or a large piece of construction paper. Take small pieces of string and glue across your paper to create a net on the paper. Put it up on a wall, with your parents' permission. Cut out several fish out of construction paper. Write the names of people you know who you would like to fish for and then glue or tape your fish onto the picture. You can also draw fish on your paper and write the names on the fish that you draw. Then pray for these "fish" and ask God to help you to become a fisher for people.

Sink or Float

Fill a large, clear container with water or put water in your bathtub. Remember that when the fisherman caught the large load of fish that their nets became so heavy that they began to sink. So, find some toys, pencils, anything you can put into the water. Predict if it will sink or float in the water. Put the item in the water and find out what happens.

Bookmarks

Use an index card or cardstock and cut out a bookmark. Copy the words below onto the bookmark and decorate it using whatever materials you have available. Put the bookmark somewhere that you will see it often and be reminded that God can use us to do amazing things. You can be a fisher of people.

I will be a fisher of people.

**Play the card game,
Go Fish.**

Disciple Acrostic

Luke 6:13-16

Using the letters from the word "Disciple," write an acrostic poem about the lesson.
