

## **FRIEND CUT OUTS**

Take two half sheets of construction paper. Fold back and forth (like a fan) and then draw a "friend" on the front with the hands straight out. Cut the "friends" out but do NOT cut on the fold where the hands would be. When this is unfolded, all the "friends" should be hooked together, to tape to a wall or on a poster. Write **MAKE A FRIEND.... LOVE AND FORGIVE!** On the "friends".

## **CIRCLE OF FRIENDS**

Draw and cut out 5-6 "friends" out of paper. Form the cut-outs in a circle with hands touching like they are holding hands. Glue onto a large poster board or individual construction paper posters. Write **FRIENDS LOVE AND FORGIVE**

## MAGNETIC FRIEND

Draw and cut out a picture of a "friend" on heavy poster board. Take pieces of cloth to glue on for a shirt, etc. Glue some yarn around the head for hair and color their "friend". Attach a magnet to the back of the "friend". As an extra, add a "sign". Tape a toothpick to the hand of your cut out "friend" and attach/tape on a small sign to the toothpick that says FRIENDS LOVE AND FORGIVE.

## FRIENDSHIP BRACELETS

Take 3 different colors of yarn or colored string and braid them together to make a bracelet. Wrap it around your wrist and tie loosely. Make another bracelet and give it to a FRIEND!
