FORGIVE FLOWERS

Get some paper and markers and colorful "buttons" for the middle of the flowers (to glue on).

If you don't have buttons you can cut a circle out of paper for the middle of the flower.

Draw large flower petals and write F-O-R-G-I-V-E one letter to a petal, so each flower should have 7 petals so one letter will fit on each petal!

Use some chenille wire for the stems, if desired.

STONE PAINTING

Get a smooth stone to paint a cross, or write FORGIVENESS, or another word or picture from the message about Forgiveness. Place them where you can see them or place them around a park, school, or anyplace that someone might find it.
