# Flower Kindness Craft

Use construction paper and cut out petals, stem, leaf, and center of a flower.

Write a friend's or any other person's name on the center of the flower.

Write down words that describe that person.

Copy over their words with a black sharpie marker.

Use a glue stick to glue the leaf to the stem and the center of the flower to the stem.

Then glue each petal to the center of the flower.

Give your Friendship Flower to the person whose name is in the center to show them how special they are.
