Make a collage of people, places, or things that you help or you can pray for.

WATER WALKING:

Take off your shoes and socks and take turns placing your feet in a shallow pan of water

Walk on the floor or on the sidewalk and make footprints. Then have your brother or sister or friend put their feet in the water and try to walk on the exact same footprints as yours. Each child will follow after and see if they can walk on the same prints.

If someone happens to make a new print, then you can choose which foot prints you want to follow.

You walked on water!!!

WATER BALLOON ART

Fill up water balloons

Go outside and throw the water balloon and let it "splat" on the sidewalk.

Take sidewalk chalk to trace around your water mark to create sidewalk art.

(Remember to clean up the balloon pieces and put them in the trash!)

WATER SQUIRT GUNS

You need a squirt gun and buckets of water. Use your squirt guns to write names on the sidewalk that you can pray for. Bible words such as Faith, Peter, Lord, Jesus, help, sacred, from the message can be written. Use your own bible and find words that you can write with your squirt gun.
