

FLASHLIGHT TAG

This is tag with a twist.

Flashlight tag is essentially hide-and-seek taken to a whole new level. One person is chosen to be “it” and is given a flashlight. Everyone else gets to hide in the backyard and wait to be found. The person who is “it” uses the flashlight to find everyone who is hiding. The first person to be found then becomes “it,” and the game starts over again.

SUNSET

Use a piece of construction paper or poster board. Then take crayons, tissue paper, paint, or anything else you can use to make a sunset.

Please take a picture of your sunset and send it to tuccgodmoments@gmail.com
